Little Mohair Flowers

A simple knitted embellishment in three sizes.

Beginner

MATERIALS

Leftover Ginger by Rosas Crafts (75% mohair, 25% silk), or a similar mohair/silk yarn (lace / CYC 0): approx. 3 (5.5, 7) m per flower. Yarn needle and scissors.

	Small	Medium	Large
Diameter*	2.5 cm	3.5 cm	4 cm
Larger needles	3 mm	3.5 mm	4 mm
Smaller needles	2.25 mm	2.5 mm	3 mm
Cast on	40 sts	60 sts	75 sts

*Approximate finished diameter.

Finished size will depend on your yarn, tension and how tightly you gather the flower.

01 Knit the flower

The instructions are the same for all three sizes. With the larger needles, cast on the number of stitches for your chosen size.

Rows 1–3: Knit all stitches.

Row 4: Switch to the smaller needles and purl all stitches.

Bind off all stitches knitwise, leaving a yarn tail for shaping and attaching the flower.

02 Shape the flower

1. Thread the bind-off tail onto a yarn needle.
2. Run the needle through the base of the bound-off stitches along the length of the strip.
3. Pull gently to gather the strip, then coil it into a rosette.
4. Secure the base with a few stitches. Weave in the ends, or keep the tail to attach the flower.

03 Add it to your knitting

Sew the flower securely in place, using the tail or a separate length of yarn.

Sew flowers on firmly and check them regularly. Small embellishments can be a choking hazard for babies.
